Brad,

We talked a while ago about an MOU with DMA on investigating their sexual assault cases. The purpose of the MOU is mainly to get the federal National Guard Bureau off the back of the TAG – NGB is currently stepping in on all investigations that don't otherwise have a neutral third party. Paul, Dan, and Brian have reviewed and edited, as has DLS, so Amy should be finishing off the final version for your signature tomorrow. It basically spells out what DCI would already do, so it's not additional work per se. It's just putting it in writing for the TAG. I'm hoping if I keep doing him favors, I'll get a ride on an F-35.

If you have any remaining concerns about the concept, let me know. Otherwise, we'll get your signature next time we can catch you.

Thanks,

Delanie
